

TITLE 228 - DEPARTMENT OF LABOR

CHAPTER 25 - SIGNAL SYSTEMS

- 001. This chapter is adopted pursuant to Neb. Rev. Stat. §48-1803.
- 002. Signal systems shall be provided and utilized for controlling, starting, and stopping of a ride or device when the operator of the ride or device does not have a clear view of the point where passengers are loaded or unloaded.
- 003. Where the need for coded signals is required, the code of signals adopted for operation of the ride or device shall be printed and kept posted at both the operator's and signal person's stations. Persons who use the signals shall be instructed in their use and shall be trained to understand thoroughly their operation and meaning.
- 004. Signal systems shall be tested on each day prior to operation of the ride or device.
- 005. A ride or device requiring a signal system shall not be operated if the system is not performing correctly.
